

This is to certify that

SVEN BRENCHER

has demonstrated competency which satisfies the Maxon GTI Training Guidelines for

MAXON

CERTIFIED INSTRUCTOR FOR CINEMA 4D R21

The person named on this certificate possesses professional and didactic skills and is qualified to instruct participants of Maxon certified trainings in accordance with Maxon training standards. The holder is qualified to conduct trainings at Maxon Authorized Training Centers. Certification includes

- **Cinema 4D Certified Basic Training**
- **MAXON QUICKSTART Product Design & Engineering**
- **MAXON QUICKSTART Motion Design**
- **Customized Cinema 4D Training**

In addition to conducting Maxon certified training, a the holder of this certificate is entitled to prepare qualified persons for certification in accordance with the Maxon Global Training Initiatives Program.

The Instructor Certification may be extended for Maxon Certified Special Trainings (Quickstart) upon proof of qualification with a Maxon Certified Lead Instructor.

The authorization as Maxon Certified Instructor is valid for 12 months. Provided that the level of qualification is continually maintained, the authorization can be extended at the end of the current authorization term. This authorization is valid for Cinema 4D Release 21.
